Publications: <https://www.ncbi.nlm.nih.gov/pubmed/?term=has+c>

Group: Molecular mechanisms of skin fragility

Work experience and competences

- >20 years of experience with dermatology and genetics
- >15 years of skin biology research, main topic: Molecular mechanisms of skin fragility: genetic basis of skin fragility, disease mechanisms, genotype-phenotype correlations
- >15 years of experience with epidermolysis bullosa – clinic, diagnostics and research
- >15 years of experience with mentoring undergraduate students, MD, PhD students and postdocs
- Strong commitment to research for people with rare diseases

Academic degrees

2012	Professor of Experimental Dermatology, University of Freiburg, Germany
2009	Board Exam. Dermatology, Germany
2007	Habilitation in Experimental Dermatology, University of Freiburg, Germany
2001	M.D., Medicine Dermatology, University of Medicine Cluj, Romania
1995	Board Exam. Dermatology, Romania
1991	Diploma degree in Medicine, University of Medicine Cluj, Romania

Positions held

2012 -	Senior Dermatologist and Professor of Experimental Dermatology, University of Freiburg, Germany, Lead EB Team and Genetic Dermatology
2003 –	Head of the Molecular Dermatology Laboratory and Dermatologist, Medical Center - University Freiburg, Department of Dermatology
2001 – 2003	Postdoctoral Research Fellow in Genetics (Genopole Fellowship), Centre National de Genotypage Evry France
1999 – 2001	Postdoctoral Research Fellow, Department of Dermatology Münster
1998 – 2001	Assistant professor and consultant dermatologist, Medical University Cluj
1995 – 1998	Assistant professor, Dept. Genetics, Medical University Cluj
1991 – 1995	Resident Dermatology, Medical University Cluj

Selected other appointments, scientific activities and honors

2018-	Co-Chair EB consensus classification
2017-	Member of the Scientific Advisory Board of Debra International
2017-	Chair of the Deep Phenotyping group of the European Reference Network Skin
2017-	Member of the subgroups ichthyoses and palmoplantar keratodermas and epidermolysis bullosa of the European Reference Network Skin
2015	Organizing Committee of the Debra Research Conference
2014	Ulmer-Dermatology Award
2014-	Chair of the Working group Genetics of the „Arbeitsgemeinschaft Dermatologische Forschung“; Member of the Lead Committee since 2010
2014	„Quo vadis“ lecture of the „Arbeitsgemeinschaft Dermatologische Forschung“
2013	Editor: Molecular Dermatology: Methods and Protocols, Springer Protocols, Humana Press
2011	ADF poster prize Anja Heinemann with CH as senior author
01/2010	Visiting scientist, Lab. Wound Repair and Regeneration, Univ. Toronto
2007	Oscar-Gans-Award for Research in Dermatology
2007	ADF poster prize Corinna Herz with CH as senior author
2004	Research on Skin Dryness Award
2001-2003	Fellowship of Genopole, France
2000	Fellowship of the association 'Le Pont Neuf' Paris
