

## Dr. Sebastian Voigt-Radloff

- Research Manager
- Head of the Occupational Therapy Department
- Doctor of Medical Sciences
- Master of Science in Occupational Therapy
- International call +49 761 270 83770  
[sebastian.voigt@uniklinik-freiburg.de](mailto:sebastian.voigt@uniklinik-freiburg.de)

### Clinical and Research Activities

- Occupational therapy for older persons with dementia, stroke and falls
- Project management of ECOTROS - European Cooperation in Occupational Therapy Research and Occupational Science
- Study management of the WHEDA and the REDALI-DEM study, two multicentre randomised controlled trials on occupational therapy in persons with dementia. Funding: Federal German Ministry of Health and German Research Foundation
- Development and validation of assessment instruments in occupational, physical and speech therapy
- Evaluation of community-based rehabilitation of older persons
- Review of outcome studies on the efficacy of occupational therapy in older persons
- Evidence-based practice
- Quality manager of the Centre of Geriatric Medicine and Gerontology Freiburg
- Co-editor of the scientific occupational therapy journal *ergoscience*
