

# Program

## SATURDAY, MARCH 7<sup>TH</sup> 2020

### Session I: Rectum | 90 min

Chair: *Thomas Schiedeck, Ludwigsburg (Germany) / Clemens Schafmayer, Rostock (Germany)*

09:00 h	Evidence and ongoing studies <i>Hannes Neeff, Freiburg (Germany)</i>
09:10 h	Robotic low anterior rectal resection <i>Clemens Bittermann, Vienna (Austria)</i>
09:30 h	Robotic exenteration and multivisceral resections <i>Shahnawaz Rasheed, London (Great Britain)</i>
09:50 h	taTME for low anterior rectal resection <i>Borja de Lacy, Barcelona (Spain)</i>
10:10 h	TaTME – an experience report from Norway <i>Frank Pfeffer, Bergen, (Norway)</i>
10:30 – 11:00 h	Coffee break

### Session II: Liver and Bile | 90 min

Chair: *Hauke Lang, Mainz (Germany) / Andreas A. Schnitzbauer, Frankfurt (Germany)*

11:00 h	CCC – Role of minimally invasive resection in treatment of intrahepatic CCC <i>Johann Pratschke, Berlin (Germany)</i>
11:20 h	CRLM – Oncological benefit of minimally invasive liver resection? <i>Björn Edwin, Oslo (Norway)</i>
11:40 h	HCC – Can we extend the indications for liver resection by minimally invasive surgery? <i>David Fuks, Paris (France)</i>
12:00 h	Intraoperative imaging guided resection in minimally invasive liver surgery <i>Daniel Seehofer, Leipzig (Germany)</i>
12:10 h	Robotics in liver surgery – where do we stand? <i>Thomas Becker, Kiel (Germany)</i>
12:20 h	Ongoing studies and current practice in Freiburg <i>Philipp Holzner, Freiburg (Germany)</i>
12:30 h	Summary <i>Stefan Fichtner-Feigl, Freiburg (Germany)</i>
12:40 h - 13:00 h	Farewell snack

### Conference chair

Prof. Dr. Stefan Fichtner-Feigl  
Department of General and Visceral Surgery  
Medical Center – University of Freiburg  
Hugstetter Straße 55 | 79106 Freiburg

### Conference organisation

Elke Bührer | Unternehmenskommunikation  
Medical Center – University of Freiburg  
Tel.: +49 (0)761 270-19210  
E-Mail: [elke.angela.buehrer@uniklinik-freiburg.de](mailto:elke.angela.buehrer@uniklinik-freiburg.de)

### Conference Location

Lecture hall of the Department of Obstetrics and Gynecology  
Hörsaal der Klinik für Frauenheilkunde  
Hugstetter Straße 55 | 79106 Freiburg  
Germany

### Late registration from January 1, 2020

Regular Participants - 150 EUR  
Students - 100 EUR  
Social Evening - 50 EUR

### Register online on:

[www.uniklinik-freiburg.de/mis-symposium/registration](http://www.uniklinik-freiburg.de/mis-symposium/registration)

### Sponsoring:

All payments of our sponsors are disclosed on the following website:

Program

## 3<sup>rd</sup> European Symposium Minimally Invasive Oncologic Surgery

## March 6<sup>th</sup> - 7<sup>th</sup>, 2020

## Department of General and Visceral Surgery

MEDICAL CENTER – UNIVERSITY OF FREIBURG

# Welcome note

Dear Colleagues

Minimally invasive surgeons continue their pioneering approach, developing new techniques and strategies for every organ system of the abdomen. Increasing experience in applying techniques to perform major resections of all abdominal organs allows routine, minimally invasive procedures. Additionally, more and more of these less invasive procedures are proven to be oncologically non-inferior to their well-established open counterparts. In recent years, robotic surgery has also emerged as a promising technical development for minimally invasive oncologic surgery.

Our upcoming third European symposium on minimally invasive oncologic surgery in March 2020 features international experts who will share their expertise and techniques. The presentations are based on video sequences illustrating how experts perform these challenging operations.

We will also discuss the scientific basis of minimally invasive surgery and highlight key publications and clinical trials regarding oncologic laparoscopic and robotic surgery.

With kind regards

Prof. Dr. Stefan Fichtner-Feigl  
Medical Director  
Department of General and Visceral Surgery

# Program

## FRIDAY, MARCH 6<sup>TH</sup> 2020

<b>9:30 h</b>	<b>Welcome Note</b> <i>Stefan Fichtner-Feigl, Freiburg (Germany)</i>
<b>Session I: Upper GI / Esophagus / Stomach   90 min</b> <i>Chair: Christiane Bruns, Köln (Germany) / Klaus Emmanuel, Salzburg (Austria)</i>	
09:40 h	Evidence and ongoing studies <i>Jens Höppner, Freiburg (Germany)</i>
09:50 h	Hybrid minimal invasive esophagectomy – the new evidence based standard !? <i>Arnulf Hölscher, Essen (Germany)</i>
10:10 h	Minimal invasive esophagectomy - Robotic technique plus current results <i>Peter Grimming, Mainz (Germany)</i>
10:30 h	Minimal invasive surgery of gastric cancer in the West <i>Suzanne S. Gisbertz, Amsterdam (Netherlands)</i>
10:50 h	Enhanced intraoperative imaging in minimally invasive surgery <i>Ines Gockel, Leipzig (Germany)</i>
11:10 h - 11:40 h	Coffee break
<b>Session II: Pancreas   90 min</b> <i>Chair: Robert Grützmann, Erlangen (Germany) / Jörg Kalff, Bonn (Germany)</i>	
11:40 h	Evidence and ongoing studies <i>Uwe Wittel, Freiburg (Germany)</i>
11:50 h	European Consortium on Minimally Invasive Pancreatic Surgery (E-MIPS): DIPLOMA trial and European Registry <i>Marc Besselink, Amsterdam (Netherlands)</i>
12:10 h	Robotic pancreatoduodenectomy <i>Markus Bahra, Berlin (Germany)</i>
12:30 h	Pancreatic surgery with vascular resections – potential for minimally invasive surgery? <i>Philippe Bachellier, Strasbourg (France)</i>
12:50 h	Minimally invasive versus open pancreatic enucleation. <i>Lapo Bencini, Florence (Italy)</i>
13:10 h - 14:30 h	Lunch break

<b>Session III: Future perspectives   90 min</b> <i>Chair: Stefan Fichtner-Feigl, Freiburg (Germany)</i>	
14:30 h	Can minimally invasive oncologic surgery be implemented nationwide? <i>Jürgen Weitz, Dresden (Germany)</i>
15:00 h	Modern intraoperative imaging – future perspectives <i>Tilman Schlick, Freiburg (Germany)</i>
15:30 h - 15:50 h	Coffee break
<b>Session IV: Colon   90 min</b> <i>Chair: Christoph T. Germer, Würzburg (Germany) / Doris Henne-Bruns, Ulm (Germany)</i>	
15:50 h	Evidence and ongoing studies <i>Hannes Neeff, Freiburg (Germany)</i>
16:00 h	Endoscopic full thickness resection for early colorectal cancer <i>Arthur Schmidt, Freiburg (Germany)</i>
16:15 h	Mass spectrometry in transanal minimally invasive surgery (MS-TAMIS) <i>Sam Mason, London (Great Britain)</i>
16:30 h	Robotic right hemicolectomy with CME <i>Roland S. Croner, Magdeburg (Germany)</i>
16:50 h	Robotic proctocolectomy with IPAA <i>Martin Kreis, Berlin (Germany)</i>
17:10 h	ICG in laparoscopic colorectal resection <i>Riccardo Rosati, Milano (Italy)</i>
17:30 h	Complete laparoscopic peritonectomy <i>Delia Cortés Guiral, Madrid (Spain)</i>
<b>19 h</b>	<b>Evening event: Get Together in Freiburg</b>

### CME-Credits

The Symposium has been accredited by 12 CME Points of the Landesärztekammer Baden-Württemberg and 8 CME points by the European Accreditation Council on CME (EACCME).
